

GROUND SAFETY RECOMMENDATION

STAND CHECK

Un aeromobile, al proprio arrivo in parcheggio, deve avere la garanzia di poter effettuare una manovra d'ingresso in totale sicurezza!

- ✓ Assicurati che ERA e NPA siano sgombre da GSE (scale, carrelli, veicoli, etc.)
- ✓ Verifica che il PBB sia correttamente posizionato nell'area di sosta (safety box)
- ✓ Effettua il FOD check con attenzione
- ✓ Dopo i check continua a sorvegliare l'area e assicurati che tutto rimanga in sicurezza

Se lo stand non è in sicurezza blocca l'ingresso dell'aeromobile!

La tua attenzione fa la differenza!

Be safe at all times!

GROUND SAFETY RECOMMENDATION STAND CHECK

An aircraft must be sure of a safe manoeuvre when it arrives at the parking stand!

- ✓ Be sure that ERA and NPA are clear of GSEs (ladders, carts, vehicles, etc.)
- ✓ Be sure that the PBB is correctly positioned in the safety box
- ✓ Perform the FOD check carefully
- ✓ After the checks, keep monitoring the area and be sure that everything remains safe

**If the stand is unsafe, stop the aircraft manoeuvre!
Your awareness makes a great difference!**

Be safe at all times!
